

Dixons Cup Competition 2025 - Primary Science

YEAR 6 ECO-INVENTION CHALLENGE!

YOUR MISSION

Design an invention that will protect our environment.

THINK BIG!

Could your invention:

- Clean the oceans?
- Save electricity?
- Help wildlife?
- Recycle rubbish in a clever way?

WHAT TO INCLUDE:

1. A detailed drawing of your invention
2. Name of your invention and a short explanation of how it works and how it helps protect the Earth

WHAT TO CONSIDER:

Environmental Impact

Creativity & Originality

Design & Presentation

All entries to be submitted to class teachers by **Friday 21st June 3pm**

Each school to select two winning entries to enter the Dixons Cup Competition Primary Science Final

Winner entries to be judged by the Primary Science Panel

Winners to be announced by **Friday 5th July.**

For further information, please contact your School Science Lead.
