

June 2024

Dear families

Medical Information Form (all parents / carers to complete for all students with / without medical needs)

It is very important that we have an accurate and up-to-date record of all students' medical needs. As we are updating pupil records and care plans in school, we would be grateful if you could confirm whether your child **does or does not** have any medical needs by completing the attached form and returning it to the academy office by Friday 28 June.

If you have already notified the academy previously about your child's medical needs, please still complete this form. If this form is not returned, it will be assumed that your child does not have any medical needs.

Please notify the academy office immediately if your child's medical circumstances change throughout the year.

Best wishes

Laura Payton
Vice Principal/ SENCO

Medical Information Form 2024/25
