

Dear families

We wanted to write to you about online safety of students as we are seeing a rise in social media posts concerning young people. Safeguarding of our students is the most important thing to us and we want to ensure we are working with families to keep all students safe inside and outside of school.

Please speak to your child about online safety to ensure that they are mindful of any risks when interacting online or in situations that could end up online including:

- speaking to journalists / Youtubers etc who approach them in public
- uploading content that identifies other students

If you have any questions or would like to discuss online safety further, please contact the academy in the usual way.

Many thanks for your continued support

Mrs Payton
Acting Principal
