

October 2025

Parent Power

Dear families

We are pleased to update you on our exciting collaboration with The Brilliant Club.

The Brilliant Club are an award-winning university access charity that work with schools and universities across the UK. Their aim is to mobilise the PhD community to support students who are less advantaged to access the most competitive universities and succeed when they get there.

Under the guidance of Rahilia Ali, a Community Organiser, families from the three Trinity Road schools have come together to form a Parent Power group.

We are hosting a Parent Power meeting at school on **Thursday 9 October at 3.15pm in DMP Hall.**

The focus for this year's Parent Power will be on creating a Cubs group in collaboration with a local Mosque and the Scouts Association for students in Year 5 and Year 6.

We would encourage all families in Y5 and Y6 to attend this meeting so that you can hear about how your child can be involved in this exciting project! Rahilia Ali, Community Organiser, will be there to answer any questions you may have about the project.

You can find out more about the Brilliant Club and Parent Power [here](#).

Thank you for your continued support,

Mrs Payton
Acting Head of school
