

March 2024

Dear families

We are thrilled to announce that we have organised an exciting day of workshop activities and demonstrations with the Science Professors team, part of Spark2Education.

Included is a leaflet outlining the types of activities your child will be able to participate in during the workshops.

Please use the link below to access and complete the participation consent form or visit [www.spark2.org/consent-form](http://www.spark2.org/consent-form) - If for any reason you do not wish for your child to participate in the workshop activities, please note that you must notify the school directly - opting out on the form may not guarantee that your choice to opt-out will be received in time.

When filling out the form, please copy and paste the following School Booking ID below into the specified form field:

**School Booking ID: 20789**

Also attached, is more information on their partnership with award-winning children's science publisher Whizz Pop Bang, who will provide you with free resources to keep your child's excitement for science learning alive long after the workshop day.

Kind regards,

**Miss Hussain  
Science Champion**

**Get excited...**

# **Science Professors is Coming to Your School!**

## **Who We Are**

---

The Science Professors team provides schools with exciting visits that inspire a love for science in young learners by making scientific concepts accessible, engaging, and fun. During our visits, students participate in interactive workshops that spark curiosity and foster critical thinking. We aim to inspire a love for STEM, instil a sense of accomplishment, and create memories that will fuel their future academic pursuits.

## **3 Key Benefits of Our Visits**

---

### **1) Stimulate Scientific Exploration**

We empower students to explore, ask questions, and make discoveries.

### **2) Promote Interactive Learning**

We engage learners in an active process of understanding scientific concepts.

### **3) Nurture Future Innovators**

We spark curiosity and intrigue in the scientists and innovative thinkers of tomorrow.

## **Important Information**

---

To confirm you are happy for your student to participate in the workshop visit, please use this link to complete the **Consent Form** or via [www.spark2.org/consent-form](http://www.spark2.org/consent-form).

In the form, you will also be invited to receive our **free post-visit resources and information** to help your child continue and thrive on their learning journey.

## Enjoy science fun at home with a FREE student magazine!

Dear Parent/Guardian/Carer,

As part of your student's school science enrichment program, we are visiting to delivering hands-on experiences to spark curiosity in your young learner.

We're thrilled to bring our meticulously crafted workshops to your school to ignite their curiosity, and we're also keen to help you build on this after we've left to maintain the fusion of fun and learning!

### Keep the science spark alive in your home

Are you looking for a way to keep the science spark alive and build on the energy from the day?

We'd love to extend your student's experience so it's not just one day of awesome hands-on activities.

### Free expertly prepared science magazine

We are delighted to announce that we've partnered with award-winning children's science publisher **Whizz Pop Bang** to provide you with their **Free Magazine** as part of our visit.

The Whizz Pop Bang team is renowned for its commitment to nurturing young minds through its engaging content

- **Science is for everyone:** *It's a misconception that only geniuses appreciate science; it's actually for everyone, with children's innate curiosity making them perfect natural scientists.*
- **Learning from mistakes:** *Science isn't about learning facts or getting perfect results; it offers a whole lab-load of benefits that enhance a student's cognitive development.*
- **Expert-led inspiration:** *The magazines boast a talented team of expert science writers who aim to ignite the scientific spark within children, helping them develop their skills and scientific talents.*

### Exclusive edition free for you as part of our visit to your student's school

We've arranged exclusive FREE access to this month's Whizz Pop Bang student magazine for all schools that have hosted our workshops. Simply visit [www.spark2.org/consent-form](http://www.spark2.org/consent-form) to request it,

or scan the QR code below:

Warm regards, The Science Professors team

**PS: Request now to make the make sure you receive your copy**
