

English

Students will be writing:

- a letter based on the Literacy Shed clip 'Alma' (focusing on a variety of sentence structures and using a range of KS2 punctuation)
- an information text about a chosen animal (focusing on formal tone and use of conjunctions)

Reading Reconsidered novel:

- Kensuke's Kingdom

Computing

- Spreadsheets (with Microsoft Excel)
- Spreadsheets (with Google sheets)

Maths

Consolidation and Problem Solving:

- best value
- profit and loss
- cooking problems
- conversion graphs
- budgets
- time problems

Art

- Students will develop observational drawing skills within the theme 'Insects'. They will explore the work of the artists Cornelia Hesse and Damian Hirst. Throughout the project they will experiment with various drawing techniques using dry media, and will also further explore composition and pattern through the use of collage.

Year 6 Term 6

Science

How Science Works:

- development of scientific theories
- investigation linked to students' interest
- display and analyse results

Humanities

Globalisation:

- where does our food, toys and clothes come from?
- how has technology increased globalisation?
- what are the impacts of globalisation?

Music

- Vocal - Students will be performing musical songs and solos to a larger audience

RE

Humanism

- Why do we need rules?
