

17 September 2021

Dear families

Unfortunately, our catering suppliers delivered a dessert which contained pork gelatine, despite being aware they should only supply halal food. This was a replacement product (frozen chocolate mousse) due to on-going supply chain issues of several products on our current menu. Today's dessert should have been chocolate eclairs.

Students in Reception, Year 1 and Year 2 have eaten the mousse at lunchtime as we were only made aware once desserts had been consumed. However, students in Years 3-6 were served fruit as an alternative.

We have addressed this issue with urgency with the suppliers and are reviewing our internal procedures to ensure that there is no repeat.

Please accept our apologies and thank you in advance for your understanding.

Yours sincerely

Mr Robbins-Ross
Principal
